

And if you listen very hard, the tune will come to you at last

Our newsletter title draws inspiration from what could arguably be considered the rock anthem of the last century, released in 1971. Did the tune come to you?

Coincidentally, that same year was the first commercially recorded digital song. Since the advent of digital audio over fifty years ago, numerous milestones and advancements have shaped the industry. Alango is proud to announce its latest advancement, made possible through our valued partnership with Qualcomm. Introducing SonicVibrance™ for the Qualcomm S5 platform (QCC5100), designed to deliver an optimized personal listening experience through headphones, TWS, or speakerphones. Stay tuned, as the S7 is set to follow shortly.
